

Dried Powders

Berrico offers a wide range of fruit and vegetable powders for a wide range of applications in various recipes. Powders can be rehydrated to the original products or used in various mixtures.

Applying 100% powders means safe, pure fruit ingredients without preservatives, starch, or flour. However, this can be added at the request of the customer. These products are also widely used as natural colourants to replace synthetic and artificial additives.

Popular Applications

Bakery

Bars

Sport nutrition

Smoothie Blends

Confectionary
